SlowFish 2020 Parking

Why should I buy a parking ticket now?

Our \$10 parking per day add-on will cover parking at the event; if you're planning to park on campus both days, purchase the \$20 2-day option. Without reserved parking, UNH offers limited guest parking, and it comes at a cost of 1.75 per hour and meters expire every 2-3 hours, depending on which area of campus you park in. For an 8 hour day, you're looking to pay around \$14 per day, and will have to go back to your car

often to feed the meter. Buying in advance also lets us know how many people need parking, and we will be able to reserve parking in lots that are closest to Paul College.

Parking on the UNH Campus

Closer to the event, we will release details including lot addresses, directions, and parking codes.
